

6:00 PM – Call for Meeting & Attendance

## Guest Speakers

6:05 PM – **[Presentation]** Dr. Chadwell, Associate Dean of Student Affairs (35 min)

- **WSUSOM Website**
  - So much work going on that it's actively changing
  - Still not perfectly ready to show at this point, but will explain what's happening
  - The website has been a source of great frustration
  - Sometimes good information would randomly actually disappear off the website, especially after 2017 for some reason
  - Using what is there as a framework and building on it
  - Wants to make it work for current students as much as prospective students
  - Want to cut down on emails to admin with questions and things that should otherwise be found on the website
  - Otherwise improving student services and help with an "info kiosk", including information and things like
    - What to do if you have a needle stick in the hospital
    - Mistreatment reports
    - Professionalism
    - PEARLS program
    - Letters like for financial aid, border crossing, academic recommendations, etc
- Sustainability issues? Have the tech committee review the website once a year and bring up pertinent issues to bring it to administration?
  - Dr Chadwell approves and thinks this would be a good process to put in place
  - Tech will also edit their feedback form for website information
- Where to put the "information kiosk" that includes those student services and things
  - Will be on the student affairs home page
- Student input/writing pages for the website? Like for LC reps to write up the actual content for the LC pages
- Will people who aren't students be able to access the information kiosk?
  - Will have to be either a hybrid approach or just letting other people access it, because even alumni or prospective students will want to access that information

**Committee Reports**

7:35 PM – **[Constitution]** Amendment Approval (15 min)

- Updates to BSO
  - BSO will become an external committee for promoting, facilitating, and managing the WSUSOM student organizations.
  - BSO president and 6 chairs
  - BSO president is on exec senate and elected by student senate
  - BSO chairs will be selected by the BSO president
  - Main purpose of this is so that BSO doesn't fall into nothing after the Dean Strauss changes
  - **Motion to vote on this as is, seconded, 30 yes**
- Mass communications
  - Mass communications that are sent through the student senate must have been deliberated for over 24hours, voted on by  $\frac{2}{3}$  majority vote by the student senate in person unless the matter is decided to be urgent
  - How to differentiate between high risk vs non-high risk emails?
    - Maybe differentiate on whether it's on behalf of the entire student senate or the external committees
    - Current event communications/heavy topics should have more than  $\frac{2}{3}$  majority vote?
  - **Will be reviewed**
- Social Media Manager on senate
  - Will manage both instagram and website
  - **Motion to add 10 minutes to discuss this (failed)**
